## Information for parents/guardians

### Information on the new learning platform, Vklass

Eskilstuna Municipality's compulsory schools have introduced a new learning platform, Vklass. The new platform allows you as parent/guardian to monitor your child's schooling and register absence.

Go to [www.eskilstuna.se/vklass](http://www.eskilstuna.se/vklass) to read more about Vklass both in Swedish and other languages.

#### **Vklass online**

You can log in to Vklass at [www.vklass.se](http://www.vklass.se) where you enter your log in details. **You will have already received your log in details in a letter sent by Eskilstuna Municipality.**

#### **NB!**

The first time you log in, you will be requested to enter your email address and mobile phone number. These are important as they will allow the school to send you messages and information.

#### **Vklass as an app on your mobile phone or tablet**

You can also open Vklass via an app that you download to your mobile phone or tablet. The Vklass app provides you with simple access to daily information and you can use it to report absence for your child. You use the same log in details for both computer access and access via the app on your mobile phone or tablet.

We recommend changing your password the first time you log in. You can do this both on your computer or via the app.

If you have any questions about Vklass, please contact your child's school.
